

City and State	Channel	Power (kW)	Antenna HAAT (meters)	Service Pop. (thous.)
Providence, Rhode Island	50	1000	306	6,340 ³

4. We also conclude that good cause exists to make this channel change effective immediately upon publication in the Federal Register, pursuant to Section 553(d)(3) of the Administrative Procedure Act.⁴ An expedited effective date is necessary in this case in light of the upcoming Pre-Auction Licensing Deadline by which stations must license newly constructed facilities in order for the facilities to be eligible for protection in the broadcast incentive auction repacking process.⁵

5. Accordingly, pursuant to the authority contained in Sections 4(i), 5(c)(1), 303(g) and (r) and 307(b) of the Communications Act of 1934, as amended, and Sections 0.61, 0.204(b) and 0.283 of the Commission's rules, IT IS ORDERED, That effective immediately after the date of publication of this Report and Order in the Federal Register, the Post-Transition Table of DTV Allotments, Section 73.622(i) of the Commission's rules, IS AMENDED, with respect to the community listed below, to read as follows:

<u>City and State</u>	<u>Channel Nos.</u>
Providence, Rhode Island	12, 13, *21, 50

6. IT IS FURTHER ORDERED, That within five days of the effective date of this Order, WJAR Licensee, LLC shall electronically submit to the Commission a minor change application for a construction permit specifying channel 50 in lieu of channel 51 on Form 2100, Schedule A, using the Commission's Licensing Management System (<https://enterprise.filing.fcc.gov/dataentry/longin.html>).

7. The Commission will send a copy of this Report and Order in a report to be sent to Congress and the Government Accountability Office pursuant to the Congressional Review Act, *see* 5 U.S.C. § 801(a)(1)(A).

8. IT IS FURTHER ORDERED, That this proceeding IS TERMINATED.

³ The *NPRM* had waived the Commission's general policy not to accept contingent rule making petitions, where the Licensee's interference study results showed that there is one Class A television station, WRIW-CD, that was predicted to be affected by the proposed allotment of channel 50 to Providence, and that the licensee of WRIW-CD had entered into an agreement with T-Mobile to change to channel 36. *See NPRM* at 2 n.7. That contingency has been removed, because the application for a construction permit to migrate WRIW-CD from channel 51 to channel 36 filed by the licensee of WRIW-CD was granted on May 20, 2015. *See* FCC File No. 0000001262. WRIW-CD is currently operating on channel 36 pursuant to Special Temporary Authority.

⁴ 5 U.S.C. § 553(d)(3).
